If the earthy power of Guy's sandpaper vocals doesn't grab your attention and the resonance of his guitar strings doesn't turn your head, you need to make sure you're still alive.

We've been asked to bring Guy back since his first visit, and are pleased to do so..Whether he's appearing on *Late Night With Conan O'Brien*, or *Mountain Stage*, on the Main Stage of a major festival, or in an intimate gathering, Guy gives each listener his 'all,' and his 'all' is **The Blues**. The routes and roots of his blues are as diverse as the music form itself--from soulful, moaning out a people's cry to bouncy as a hay-ride. His folksy, humble stage presence, combined with his humorous monologues make one feel like this is an impromptu performance on the front porch. You won't find the blues better than this.
